YOU WILL HAVE AN ISVA JUST FOR YOU

An ISVA will hear you and help you to understand how you are feeling, what the impact of the crime is having on you and help you see all of your choices.

The core role of the ISVA is to make sure you have the best possible practical advice, according to your circumstances.

An ISVA will make you aware of what counselling and other services are available to you. We can also help you through the process of reporting to the police if you choose to do so.

YOUR PERSONAL ADVISOR IS...

WE WILL SUPPORT YOU WHETHER YOU HAVE REPORTED TO THE POLICE OR NOT

If you choose to take up ISVA support you have the choice to make them the single point of contact, so you can have just the one contact instead of having to tell everyone what has happened to you.
