## CONSENT WORKSHOPS

SV2 delivers consent workshops in schools across Derbyshire to Year 8 and above.

We feel that understanding what consent is leads to healthy relationships and dispels the rape myth that some of society holds.

The workshop gives the young people a safe place to voice their opinions, ask questions and know they will be listened to.

We encourage healthy debates and the opportunity to explore ideas.

## UNDERSTANDING CONSENT

We are an organisation that values and respects diversity and all workshops, when delivered, will take this into account.

At the end of the workshop the young people will have a clear understanding of consent and know what the possible consequences are.

They will also know about the support services available to them.

We can present in your school.

### FROM A TEACHER

“The range of resources were excellent and really thought-provoking for students. It was very clear that consent must be a ‘yes’. An excellent presentation, students were very well informed throughout.”
